When she's in love with you. ://

Em Am F G
1. When she is searching for someone to blame;
Dm7 G
When "Honey" falls from her lips
C C/B Am Am/G
in the shape of your name.
F G Am
When she finds no words, just breathes a sigh
F G
When she bids you a tearful "goodbye."

2. When she brings your children into the world,
When she asks you to do once more,
what you didn't do before.
When her eyes are ablaze in passion's fire
When she purrs, content in her desire.
