A thousand songs
A thousand nights
A thousand times
I wasn't right (cribb)

I've squandered my days
I've wasted my nights

way to put it all right (tcassel)

Oh, Lord, show me the light.
Oh Lord, show me what's right. (kent522)

sick of the battles
and all the fights (kay burns)
I'm Sick of cryin
all through the night (shelbymk)

Can't wait for you,
Don't wait for me
Can't wait for someone else
To set me free.

I gotta make it right. (Seulberg)

The road is calling
I gotta go (Sylvia)

The lord is is calliin for me to grow (kent522)

You ought to leave me
And I ought to go
a thousand times
we've both gone so low (research)

I've seen a thousand points of light... (research)

times have changed or maybe just me the
timings all wrong now ive got to be free (kay burns)

but the time has come now I've got to be free (research/kayburns)

I lost my way, just how i don't know. Million of places that I
could go. (suzieq)

I lost my way, just how i don't know. Million of places that I
could go...no drowing my sorrows in this bottle of crow.
